

IMPROVE CAMPUS SAFETY AND COMMUNICATIONS

Mass notifications for a safer, more productive learning environment

Regroup enables higher education institutions to communicate better with their communities and respond faster when seconds count. Our award-winning mass notification platform is cost-effective, easy to use, and integrates seamlessly with your existing LMS software.

IN THE FIRST 61 DAYS OF 2018 THERE WERE ALREADY 12 SCHOOL SHOOTINGS, AN AVERAGE OF ONE SHOOTING EVERY 5 DAYS.

"Everyone recognizes this is a key moment. Every school district... should be doing *everything it can* to ensure its schools are as safe as possible."

L.A. City Atty. Mike Feuer

EMERGENCY NOTIFICATION SOLUTIONS FOR HIGHER EDUCATION

Automate Critical Notifications

Send rapid, two-tap alerts from Regroup's mobile app to cell phones, landlines, school security, 911, email, social media, and more.

Reach Your Entire Campus

Integrate Regroup with panic buttons, desktop notifications, help point towers, fire and PA systems, digital signage, outdoor sirens, and more.

Easy Opt-In, Free Mobile App

Regroup's free Mobile App makes it easy for students and faculty to opt-in for notifications and receive them wherever they go.

Alert Specific Locations

Our GeoFence technology allows you to alert a specific location, and even notify people outside of the area to stay away.

Critical Two-Way Communications

Witnesses and first responders can send important information and updates from the scene to improve response time to emergencies.
