

SMS CHARACTERS

Ensure the message is delivered with the right content through the right channels.

THE CHALLENGE

Organizations are limited by other platforms on the market in terms of the number of characters they can send during emergencies. Additionally, shortened links can appear unsafe, preventing the emergency warning from reaching certain users.

THE SOLUTION

With Regroup, organizations can send comprehensive emergency messages without worry. Our platform ensures that links remain intact and appear trustworthy, guaranteeing that alerts reach all intended recipients securely and effectively.

Plus, you can send custom content with an unlimited number of characters for every channel.

TAKE THE WORRY OUT OF MESSAGING LARGE GROUPS

- ✓ Regroup's robust platform ensures your messages reach every recipient without fail.
- ✓ Our system handles large volumes effortlessly, maintaining message integrity and delivery speed.
- ✓ Regroup allows up to 480 characters on SMS messages. Need to send more? Our platform can seamlessly handle extended messages, ensuring critical information is always communicated effectively. Let Regroup streamline your communication, so you can focus on what truly matters.

"Solid platform and responsive staff. Regroup is affordable, simple to set up and diverse enough to implement in any fashion we need."

Robert W. - Director of Applications - Enterprise —>1,000 Employees

Since 2006, Regroup Mass Notification has provided a cloud-based, multi-channel mass notification platform for emergency and routine applications. Serving the educational community, enterprise, manufacturing, finance and government, Regroup's continual pursuit of excellence has made it the most trusted name in mass notification and a leading-edge provider of smart communication solutions for clients throughout North America.
