SMART COMMUNICATIONS FOR SENIOR HOUSING COMMUNITIES

Regroup

THE FLEXIBILITY YOU NEED FOR COMMUNITY MANAGEMENT AND COMMUNICATION

Easily improve operational efficiency and provide residents with exceptional care with Regroup Mass Notification®. Our award-winning platform is used for both critical and routine communications at assisted living facilities, nursing homes, and independent living and active adult communities.

HOW OUR CLIENTS USE REGROUP

Regroup provides the notification solutions that you, your staff, and your residents can rely on. Some of the most frequent ways Regroup is used in senior living communities include:

✓ **IMPROVED PERSONNEL MANAGEMENT**
Regroup makes it simple to reach on-call staff and fill open shifts when needed. You can also keep your teams connected better throughout the day with staff-wide updates, meeting reminders, and more.

✓ **FAMILY INVOLVEMENT**
Keeping families in the loop takes no extra effort with Regroup. Include them in your recipient groups to keep them informed at all times about community events or resident-specific updates.

✓ **RESIDENT ENGAGEMENT**
Easily send pre-recorded phone call messages and promote a vibrant, healthy lifestyle by encouraging event attendance and community engagement. You can also keep residents safer with automated severe weather alerts from the National Weather Service.

✓ **EMERGENCY RESPONSE**
Coordinate responses to medical emergencies, evacuation orders, missing residents, and more with only two-clicks. Keep security and facilities teams informed and operating smoothly.

WHY REGROUP IS THE TOP CHOICE FOR SENIOR LIVING

✓ **EASE OF USE**

You don't need to have a tech-savvy team or residents to get great value out of Regroup. Our system is easy to use and enables you to reach people on the devices they're comfortable using, including landlines, mobile phones (text/voice), email, websites, and more.

✓ **VALUABLE INTEGRATIONS**

Regroup's system enables you to publish your messages on digital signage throughout your community and can work with many pre-installed alarm systems to trigger alerts in case of fires and other emergencies.

✓ **FLEXIBLE ACCOUNT CONFIGURATION**

Set up unlimited user groups and administrators in the system, so you can empower every team leader to use Regroup every day. We also offer unlimited space to create templates for faster sending of emergency or common messages.

✓ **AUTOMATED WEATHER ALERTS**

Easily configure alerts from FEMA's Integrated Public Alert & Warning System (IPAWS), NOAA & the National Weather System (NWS), ShakeAlert early earthquake warnings, and more.

✓ **TWO-WAY COMMUNICATIONS**

Regroup allows you to ask for status updates or request responses through a variety of channels, facilitating better staff coordination and more ways to connect with residents.

✓ **24/7 CLIENT SUPPORT TEAM**

You'll have a knowledgeable support team by your side to help with onboarding, training, and sending alerts.

CENTERS FOR MEDICARE & MEDICAID (CMS) EMERGENCY PREPAREDNESS MANDATE

The CMS requires healthcare facilities to have an emergency preparedness and disaster recovery plan in place in order to maintain participation in the Medicare and Medicaid programs. In 2020, CMS rules were expanded to also impose new requirements for reporting COVID-19 cases to residents and their families or representatives.

Regroup's platform can help your organization meet many of the mandate's requirements by ensuring your staff gets critical information quickly, on any device and wherever they happen to be.

Regroup Mass Notification® was built to be a robust and reliable solution for senior living communities. Schedule a free demo of our award-winning platform today.
